

# Using Money Well and the 40 Developmental Assets

## What You Learned

1. The 40 Developmental Assets can help you find information about money.
2. Strong decision-making skills can help you make good choices.
3. You can follow practical steps to making positive money decisions.

## Talk about It

### Ask your parents:

- How do you learn about using money well?
- What are some of the best decisions you've made about money?
- How can I make better money choices?

## Do It

- With your parents, create steps to a money decision you would like to make.
- Go to the library. Ask the librarian for good books about using money well for your age group.
- Ask other people about how they make positive money decisions.

My Notes:
